

The Mended Hearts, Inc.

RecoveryPlus<sup>health</sup>

## MHI and RecoveryPlus.health Partnership Announcement

MHI is pleased to announce a new partnership with Recovery *Plus*.health, the first nationally available, personalized remote cardiac rehab platform for patients recovering from a heart condition or surgery, as well as long Covid, type 2 diabetes, and other conditions. The medically certified is accessible on demand and designed to make recovery and rehabilitation accessible to those unable to participate at a traditional facility.

Recovery*Plus*.health offers personal one-on-one guidance by experienced exercise therapists, rehab specialists and other healthcare professionals, adapting a variety of routines to each individual patient.

If your chapter is interested in learning more about the benefits of a remote cardiac rehab program, speakers are available for chapters that have Zoom meetings. Please reach out Mandy at [mandy.sandkuhler@mendedhearts.org](mailto:mandy.sandkuhler@mendedhearts.org) for more information about scheduling a chapter meeting speaker.

For more information about this partnership, please click on the link below.
